ST. MARY'S SEMINARY & UNIVERSITY  
Ecumenical Institute of Theology

SPRING 2007 COURSE BROCHURE

**WHAT IS THE ECUMENICAL INSTITUTE OF THEOLOGY?**

The Ecumenical Institute of Theology (E.I.) was founded in 1968 as the evening division of St. Mary's Seminary and University to provide accredited graduate theological education in the greater Baltimore area. Students and faculty come from a wide range of religious backgrounds. Many students study part-time for personal enrichment or to prepare themselves for leadership roles in their religious communities. Other students are preparing for ordained ministry or professional positions. The Ecumenical Institute promotes mutual respect and understanding for persons of all faiths.

**WHAT KINDS OF COURSES AND STUDENTS DOES THE E.I. HAVE?**

The E.I. offers courses in the major areas of theology: biblical studies, history, systematic theology, moral theology (theological ethics), religious education, practical theology, spirituality, and ecumenical and interfaith studies. Classes are offered in fall, spring, and summer terms. Course brochures with registration forms are mailed out 8-10 weeks before a term begins. Students may audit courses or take courses for credit without being in a degree or certificate program. Our Explorations in Theology program is designed for new students engaging theology and ethics for the first time. Students may choose to work toward a graduate certificate by earning 6-23 credits in a particular area. The certificate is available in six areas: biblical studies, parish nursing, religious education, spirituality, urban ministry, and youth ministry. (Our post-master's Certificate of Advanced Studies [C.A.S.] is described on a separate page.) Students may also pursue the M.A. in Theology or the M.A. in Church Ministries. Both degree programs require the completion of 50 credits, including a core curriculum, plus a culminating experience.

**WHO MAY ENROLL?**

Application to the E.I. to take classes for credit is open to any person with an undergraduate degree from an accredited institution, regardless of major, who has earned a minimum cumulative GPA of 2.75 (graduate GPA of 3.30 for the C.A.S.). (Students with a lower GPA may apply for probationary admission.) Auditors need a bachelor's degree, but no minimum GPA. **All prospective students for the Spring 2007 term must complete an application process by December 15 (see details below).** All students must fill out a registration form for each term in which they take classes.

Application to a degree program requires two letters of recommendation, as well as successful completion of an in-house academic skills assessment, unless the applicant has earned a previous graduate degree in the humanities (or in any field, with thesis), a professional degree in law or medicine, a 600 on the verbal portion of the GRE, or a Ph.D. Potential degree students should complete the application requirements in the first semester of enrollment. Certificate applicants need a bachelor's degree and one professional letter of recommendation. C.A.S. applicants need a theological master's degree and one letter of recommendation.

**INFORMATION FOR NEW STUDENTS**

**All prospective students for the Spring 2007 term must complete an application, submit a photograph, have an official transcript of their bachelor's degree sent from their undergraduate institution (master's transcript for C.A.S.), and schedule an interview by December 15.** New audit students are requested, but not required, to have an interview to discuss their academic goals. **All new students must attend new student**

**orientation** on Saturday, January 13, from 9:00-10:30 a.m. New students normally take BS600 and/or TH601, or one of the other Explorations in Theology courses, which do not have prerequisites. (Explorations in Theology is described later in this brochure.)

**GENERAL INFORMATION ABOUT SPRING TERM**

There will be no classes on Monday, January 15 (Martin Luther King Day), Monday-Thursday, February 19-22 (Winter Break), and Monday-Thursday, April 2-12 (Easter Break). ## ATTENTION PROSPECTIVE STUDENTS

### CONSIDER THE EXPLORATIONS IN THEOLOGY PROGRAM

**Explorations in Theology** is a series of courses for people considering serious study of theology, religion, and ethics for the first time. It is designed to introduce beginning students to major dimensions of the theological tradition and to help them better understand some of the great religious and ethical issues of our time. Courses in the Explorations in Theology program have no prerequisites or corequisites, and most do not require a research paper (except BS600 and TH601, which are designed in part to teach research skills). Grading is based primarily on class participation, analytical papers, reaction papers, and/or exams.

#### The Curriculum

The courses offered in this program in Spring 2007 are the following:

- BS600           Orientation to Biblical Studies
- MT531           Creation, Covenant & Ecology
- PT/SP512       Music in the Christian Tradition
- SP522           Conversion
- TH601           Introduction to Theological Study,  
                    Research & Writing

Note: All 500-level courses are co-listed at the 700-level (e.g., SP522/722 Conversion) so that certificate and degree candidates may take them, too (at the 700 level), usually with a required research paper.

#### Starting with Explorations in Theology

Students who qualify for admission to the Ecumenical Institute and are interested in Explorations apply as graduate-credit-only students without declaring interest in a particular certificate or degree program. They may then take any courses that have no co- or prerequisites, as well as any other courses for which they fulfill the co- or prerequisites.

Students who later decide to matriculate into a certificate or degree program may count up to *two* 500-level courses (and any number of 600- or 700-level courses) that they have taken, as long as the courses fulfill core requirements or elective slots in the chosen certificate or degree program. Matriculated degree and certificate candidates may not enroll in 500-level courses but must register for those courses at the 700 level.

Students in the Explorations in Theology program are assigned an advisor to help them think about their selection of courses and their decisions regarding further theological study.

**For further information**, contact the Office of Recruitment and Communication: 410/864-4203 or [prath@stmarys.edu](mailto:prath@stmarys.edu).
