CAMPUS CRIME STATISTICAL REPORT

Campus crime statistics are listed to the left of this text and represent the previous three (3) years of categories of crimes required to be reported by the Clery Act.

A campus crime log is open for review during normal business hours and maintained in accordance with federal requirements in the Information Office.

Information and statistics for crimes occurring on campus property and crimes occurring on public property immediately adjacent to the Seminary, as reported to the Director of Physical Plant, are available on the report and are also on file in the Information Office.

The Director of Physical Plant issues this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and to inform and educate the Seminary community about various safety policies and programs.
